Dev Portfolio

Antonella Trillo Lillo

Digital Animator | Full-Stack Developer | Customer Service Specialist
RUT: 18.899.170-K

Professional Profile

2D Digital Animator and Character Creator.
Junior Developer specializing in the PERN stack (PostgreSQL, Express, React, Node.js).
I possess a solid background in customer service and sales, standing out for my responsibility, punctuality, and ability to collaborate within multidisciplinary teams.
My goal is to integrate my technical software development skills with my experience in problem-solving and user-oriented service.

Technical Skills

- Languages & Frameworks: JavaScript (ES6+), Node.js, Express.
- Frontend: HTML5, CSS3, Bootstrap 5 (Responsive Layouts).
- Databases: SQL, PostgreSQL, Sequelize ORM.
- Tools: Adobe Creative Suite, Clip Studio Paint, Git, JWT Authentication, Data Dictionary Design.

Featured Projects

- KanbanPro: A project management application featuring a PostgreSQL backend and JWT-based security.
- Gourmet Go: A visual prototype for a recipe search engine developed with Bootstrap.
- Gym Management System: Database design and architecture for member and class administration.

Experience

- Part-time Sales Associate, Microplay, Calama — 2011 to 2013
- Nintendo Brand Ambassador — May 2015
- Digital Animation Assistant — 2015 to 2016
- Part-Time Sales Associate, LEGO Calama — 2022 to 2023

Education

- Digital Animation, Duoc UC.
- Mindhub Bootcamp: Full-Stack JS Trainee Developer.
- Higher Education Degree Completed.

Key Competencies

- Teamwork and effective communication.
- Capacity for continuous learning in technological environments.
- Conflict resolution and customer service under pressure.
